

Important news about your next Juice Plus+® shipment

Dear Juice Plus+ Customer,

We are writing to inform you that effective **May 2021**, there will be a general price increase which will affect Juice Plus+ products.

As you might know, the price of fresh fruit and vegetables, including the cost of shipping and delivery has risen, especially in the last nine months. At Juice Plus+, we face these same cost pressures as we purchase the high-quality produce that we are so proud to put into our products. Thanks to improvements in our production technologies and economies of scale, we are happy that we can keep our price increase lower than the rise in the cost of our plant-based ingredients.

On the back of this letter you will find the updated price list for the Juice Plus+ products.

Thank you for being a Juice Plus+ customer, and for your understanding of our need to increase our prices. We work very hard to keep the prices of our products as low as possible while continually improving their quality.

As always, please do not hesitate to contact our Juice Plus+ Customer Care Team via email customercare.uk@juiceplus.com or call on **+44 1628 361251** if you have any questions, or if you would like to amend your order with us.

Sincerely,

Mattias Mildernborn

Vice President, EMEA Sales
The Juice Plus+ Company

P.S. If you take advantage of our no-interest monthly (4x) instalment payment plan, the price increase will be effective with your next Juice Plus+ shipment (in four months-time). **It will have no impact on your instalment payments for your current shipment of Juice Plus+ or for any shipment before May 2021.**
